

Big Trucker

Big Rig Mattress Specifically Designed for Larger Drivers

Designed for the larger driver, supporting weights up to 400 pounds with comfort and stability. This 7", multi-layered, mattress is strategically engineered to absorb more weight than the average mattress with a soft foam top layered over medium-firm density foam. The bottom layer is extra firm, making this combination a winner for total comfort and support.

Longest Lasting Stability

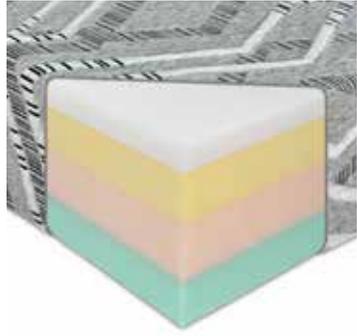

Our stability layers provide long lasting comfort that works just as hard as you. That means no sagging and a consistent sleep experience every time.

Luxurious Stretch Cover

Luxurious stretch cover is breathable and easy to clean. Lower grip fabric keeps your trucker mattress in place no matter how bumpy the ride is. Covered zipper makes it easy to remove or replace if necessary.

Replacement mattresses for all makes and models

Affordable, quality truck mattresses engineered for comfort to fit all makes and models of semi-trucks. Whether you drive a Ford, Freightliner, Mack, Peterbilt, Volvo, or Western Star, we have a replacement mattress for you.
