REVEL

COMFORT & DESIGN ←

Ultimate Comfort

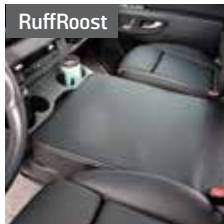

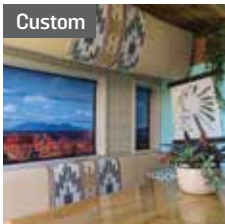

Experience the ultimate rest with our 5" foam mattress. Our innovated designs provide a high-performance sleep experience while remaining low profile. Customize your comfort level with our Medium-Firm option, equipped with cooling gel memory foam, or our Soft option, which guarantees maximum comfort while maintaining support.

Design & Fitment

Our expertly designed mattresses come in common sizes and are specially crafted to fit most conversion vans with contoured corners for a snug, comfortable fit. Plus, their unique zippered hinges allow for easy conversion between bed, sofa, and storage modes, providing unmatched versatility and convenience.

Durability

Using top-quality fabrics, you won't have to worry about wear and tear from frequent use. Our soft-to-the-touch top fabrics offer protection against water and abrasions, while our coated polyester sides and bottom provide rip protection. And when it comes to cleaning, simply unzip the covers, and use a light soap solution to wash them by hand. Air dry the fabrics afterwards for best results.
