Our specially-crafted mattresses provide a direct replacement for stock Jayco Terrain vans and are perfectly tailored to fit– delivering an easy, simple swap out. Each mattress extension (bolster) comes with 2 snaps securing to your stock van wall keeping them in place when adjusting the center platform..

Durability:

Our durable fabrics are ideal for frequent use, offering extreme resistance to water and abrasion. Our tough PVC sides and bottom provide outstanding rip protection too! For maintenance or deeper cleaning you can simply unzip the covers before washing by hand with a light soap solution then air drying afterwards.

Advanced Foam Technology

Get the comfort and support you need for a luxurious night's sleep. Our Revel replacement 5" foam mattress offers high performance with the Medium-Firm three soft upper layers, including cool gel memory foam insert to provide lasting relief from pressure points. Beneath these comforting layers is a firm bottom layer that prevents sinking further into the bed platform below. For added plushness, we covered it in an ultra-soft polyester top fabric– truly maximizing your restful slumber experience!

NEW: The Soft version of our Winnebago Revel replacement mattress offers 5" thick foam with three-layers of softer foam for additional comfort.
